

- Go Wild! Create wild areas to encourage biodiversity
- Oil and fuel storage in bunded area, 10m+ away from water
- 3 Waste Management: Waste and recycling separated and labelled Compost bin for kitchen scraps Separate hazardous waste bins Secure waste compound
- 4 No single use plastics
- Water saving measures: flow restrictors and dual flush toilets
- Wash down facilities to follow Check, Clean, Dry protocols
- 7 Eco cleaning products
- Bunded area for fouling removal and antifouling of vessels
- Water, ground or air source Heat Pumps
